Data Scientist | AI & Machine Learning Specialist

Passionate about leveraging data science, artificial intelligence, and machine learning to develop innovative solutions. Experienced in web development, database management, and software engineering. Adept at problem-solving and optimizing workflows using Python, JavaScript, and modern web technologies.

Skills

- Data Science & Machine Learning
- Python, JavaScript, SQL
- Web Development (HTML, CSS, React)
- Data base Management & Optimization
- API Développent & Integration
- Data Visualization (Power BI, Matplotlib)
- Software Engineering Principles
- Agile & Scrum Methodologies

Experience

Data Science & Web Development Intern

STARK Tech Solutions   *Jan. 2024 – Present*

- Developed machine learning models to analyze customer behavior, increasing retention by 15%.
- Built and deployed interactive dashboards for real-time business insights.
- Designed and optimized databases to improve query performance by 30%.

Software Engineer
MARIANT Innovations   *Jan. 2022 - Dec.2023*

- Developed full-stack web applications using React, Node.js, and PostgreSQL.
- Integrated third-party APIs to enhance system functionality.
- Automated data processing workflows, reducing manual effort by 40%.

Education

Bachelor's Degree in Computer Science   **Jan. 2021 - Dec. 2024 (Expected)**

University of Technology, Congo Brazzaville
- Relevant coursework: Data Science, Artificial Intelligence, Web Development, Database Systems.

University of BYU IDAHO, UTAH Provo
- Relevant coursework: Data Science, Artificial Intelligence, Web Development, Database Systems.
